

Meeket Ketan Tank

Full-Stack Web Developer · Finance Technologist

meeketketantank@gmail.com meeket.in linkedin.com/in/meeketank github.com/meeketank Mumbai, India

— PROFILE

Full-stack web developer and finance technologist pursuing an MBA (Finance major, BIA minor) and a B.Tech in Computer Engineering at NMIMS. I build fast, SEO-ready web apps, real-time fintech dashboards and finance automation, delivering up to 50% efficiency gains at JSW Steel and about 35% faster page loads at Logixal. Open to full-time roles (2027), internships, freelance and consulting.

— EXPERIENCE

Management Intern · JSW Steel Ltd May 2026 - Sep 2026

- Worked across Channel Finance (Credit Control), Project, Debt and Trade Finance.
- Built a report analytics system that automates renaming, merging and visualisation of bank reports.
- Shipped a real-time mutual fund tracking and FD management app for treasury decisions.
- Upgraded Excel workflows with Power Query, Python and a web UI.
- Impact: team efficiency +40-50% · manual work saved 10 h / week · recognition LOR from VP.

Technical Intern · Logixal Solutions May 2025 - Jul 2025

- Migrated high-traffic storefronts from React to Next.js for SEO, speed and scalability.
- Delivered dynamic pricing, real-time inventory sync and persistent session state.
- Integrated interactive 3D product visualisations with Three.js.
- Impact: page-load time -35% · migration React → Next.js · recognition LOR.

Strategist · Chyzzy 2025

- Formulated premium apparel positioning through market analysis.

President · IEEE Computer Society, MPSTME 2024

- Led a 50-member team; organised 3 inter-collegiate competitions with 200+ participants.

Managing Director · FinDrome, The Finance Cell of NMIMS 2024

- Led a 100+ member community focused on financial analysis and fintech projects.

Earlier (2022-25): Financial Research Analyst at Crowdw (London, remote); Technical Lead for ISKCON Juhu websites; web and Android developer internships at CodeClause, The Sparks Foundation, LetsGrowMore and AcmeGrade.

— PROJECTS

Channel Finance Reports Management & Analysis System · 2026

Full-stack finance automation platform that downloads, consolidates, monitors and analyses bank reports end to end.

Mutual Fund Analytics & Comparison System · 2026 · mfd.meeket.in

Real-time mutual fund analytics on AMFI data: screening, comparison, historical returns and AI-generated summaries.

Enterprise VTEX Commerce on Next.js · 2025

Migrated high-traffic VTEX storefronts to Next.js with dynamic pricing, real-time inventory sync and Three.js product viewers.

Jinni: Predictive Market Analysis · 2026 · [GitHub](https://github.com)

Hybrid Indian stock-market prediction system combining LSTM, Random Forest, technical indicators and fundamentals for trade signals.

SME Credit Risk Assessment · 2025

Final-year B.Tech project: credit-risk model for Indian SMEs benchmarking ML models on financial and economic data.
